

## *How do I burn a CD?*

1. Load the CD by pushing the eject button in the top right of the keyboard.
2. Drag what you want on the CD to the CD icon on the desktop.
3. Name the CD on the desktop.
4. Click the CD icon one time.
5. Go to File on the menu bar and select Burn Disk.

Note: You can write with a marker on the top of the CD.
