### Making up Missed School Days

The status of any day in the above calendar can be changed at any time during the school year if days are missed due to inclement weather. **All days (with the exception of Sundays) between August 25 and June 12, no matter how they are designated on the school calendar MAY become make-up school days.** Since the weather is unpredictable it is impossible to guarantee that student holidays or staff holiday/annual leave days will not be changed. Be advised that the week of March 30-April 2 is only a tentative Spring Break. Any of these days may become a make-up school day. Any Saturday, particularly in January-April is subject to being changed to a school make-up day. Notice for make-up days may be short depending upon the timing and duration of inclement weather. General statutes and State Board of Education policy concerning the school calendar will be followed. The make-up schedule will be announced as soon as possible after an inclement weather event has ended.

### Student Early Release Days

Students will be dismissed from school 2 ½ hours earlier than the normal dismissal time on four days during the year. Lunch will be served before students are dismissed. School employees will work the entire day and will be engaged in professional development sessions (or extended school/classroom closure preparations on December 22) at their school after students are released. After school activities will not begin until the end of the staff workday on these days.
